## Introduction – House Keeping

This focuses on criminal incidents on West Main Street within a ½ mile radius of Main/Sheridan. This report covers incidents from June 3<sup>rd</sup>, 2014 till September 1<sup>st</sup>, 2014

Before reviewing the crime, it is important to mention that there will be a few changes to the crime reports. First, future crime reports (those after this one) will be in thirty day increments instead of ninety day increments. This was chosen because it offers visibility in more common increments. Also, it came to our attention that our Peoria City crime statistics were for the entire county not the city. This report includes both – the county and the city – to bridge the gap with the previous reports.

## Overall Analysis

Within a ½ mile radius of West Main and Sheridan, there were 187 total incidents in a 90 day period and 26 of those happened on West Main, or approximately 13.90%.

During the same time, Peoria County had 3458 incidents reported. Of that, 5.41% of reported crime happened within a ½ mile radius of W Main/Sheridan, and crime on West Main accounts for .75%. Between this report and the previous report, Peoria County crime incidents increased from 2296 to 3458 incidents – a ~1.5 increase in crime over the county.

In Peoria City, there were 2793 reported incidents. Of those incidents, 187 transpired in a ½ radius from W Main and Sheridan – 6.7% of the reported incidents for Peoria City. Of those 2793 reported incidents, 26 transpired on W Main - .93% of reported incidents for Peoria City.

**Note: As seen between the previous crime report and this report, crime in Peoria County increased as a whole by about 1.5 times.**

## Final Notes

*Full report of incidents on W Main are available on the following pages*

Note: During the time of this report, requests for additional patrols and a police presence were requested. This request was fulfilled and there was an increase in the police presence. This increased presence could have led to more reported incidents.

It's also important to be aware of what those crimes were and how those crimes would affect the average person visiting businesses on West Main or residents who want to move onto West Main. As the incident reports below show, this is not criminal activity that should deter anyone from coming to West Main and the surrounding businesses.
