

Renaissance Park Crime Report

Brought to you by the Renaissance Park Community Association

Introduction – House Keeping

This focuses on criminal incidents on West Main Street within a ½ mile radius of Main/Sheridan. This report covers incidents from September 1st, 2014 till September 30th, 2014. Due to the change in reporting structure, there is some overlap with the previous report's dates. The previous report covered up till September 4th, 2014. After this month, there will be no further overlap.

Second, the reports were changed to monthly reports to offer better visibility in a more common increment. Furthermore, it came to our attention that our Peoria City crime statistics were for the entire county not the city. This report includes both – the county and the city – to bridge the gap with the previous reports. Our previous report had this adjustment made to it.

Report - Aggregated Data

Overall Analysis

Within a ½ mile radius of West Main and Sheridan, there were 42 total incidents in a 30 day period and 2 of those happened on West Main, or approximately 4.76 %.

During the same time, Peoria County had 1169 incidents reported. Of that, 4.28% of reported crime happened within a ½ mile radius of W Main/Sheridan, and crime on West Main accounts for .20%. Due to the modification in the reports structure (moving from 90 days of data to 30 days) trend data has been removed and will become part of the report in October.

In Peoria City, there were 981 reported incidents. Of those incidents, 42 transpired in a ½ radius from W Main and Sheridan – 3.59% of the reported incidents for Peoria City. Of those 2793 reported incidents, 2 transpired on W Main - .17% of reported incidents for Peoria City.

Note: Trend data has been removed from this report due to a change in the structure. The previous report was a 90 day report. Trend data will renew and be ongoing during October. Sorry for the inconvenience.

Final Notes

Full report of incidents on W Main are available on the following pages

It's also important to be aware of what those crimes were and how those crimes would affect the average person visiting businesses on West Main or residents who want to move onto West Main. As the incident reports below show, this is not criminal activity that should deter anyone from coming to West Main and the surrounding businesses.
